George Group

GEORGE GROUP was established in 2006, which is located in Foshan City, Guangdong Province, China.We take design and quality as the core, driven by material and process research and development, we are the international leading medium and high end one-stop decoration solution provider which provides the integration of original design, engineering construction, materials selection and purchase, whole house customization, soft furnishing and after-sales service for customers.

GEORGE GROUP maps out strategies, layouts the world and breaks the confused situation of unordered competition which confused the decoration material industry of China for decades, so that have won the extensive attention and appraise from customers all over the world. We will build a brand operation center gradually which can keep a foothold in Foshan and radiate to the world. Foshan operation center of our owns ten product display area with 20000m² of total area. We own the professional design area, where you can participate in the design process comfortably. We own the largest-scale and the most authentic Muslim restaurant in Foshan, which makes you eat well in China. At present, We are building three storage, processing, logistics and distribution service centers with more than 100,000m² in Guangxi,Jiangsu and Guangdong. We deserve to be an international leading medium and high end one-stop decoration solution provider which integrates the design, construction, materials and after-sales service as a whole in the architectural material industry.

GEORGE GROUP always insists on the operation idea of "customer satisfaction is the only standard of evaluating our work"and the brand construction way of honesty and trustworthiness, we regard quality as the enterprise life. We always place customer satisfaction in the first place, devotes to creating the maximum value for customers, so that the customers around the world can enjoy to rest assured, intimate, and save worry new services and the happy design culture.

OkBuild - Curtain Wall System

We provide one-stop service

About Design

We intervene in the early design stage to assist customers in formulating curtain wall schemes (including grid size, glass configuration, profile size and performance parameters) and provide the optimal solution adapting to architectural needs.

Regarding Production

Arrange factory production according to the established plan. If the customer has confirmed the scheme, produce directly as required. In case of conflicts between the design and actual production, coordinate with the customer and engineering team for adjustment and optimization.

Regarding Installation Guidance & After-Sales Service

We provide customers with detailed installation guidance, including customized installation steps and precautions for different curtain wall systems. We also provide a 10-year quality guarantee and reserve 2% glass spare pieces for replacement in case of accidental damage.
